Welcome to Lost Fortune!

Please answer the following questions for your personalized adventure:

Enter the number of Explorers:
17

Enter the number of Explorers lost in battle:
8

You bravely led 17 adventurers on a quest for gold.
The group fought a band of ogres and lost 8 members.
Only 9 survived.

The party was about to give up when they stumbled upon the
buried fortune of 750 gold pieces. The group split the loot evenly
and as the quest leader you kept the extra 3 gold pieces.
